EDUCATION

Rosebank International (IIE)

Johannesburg, South Africa

Bachelor of Information Technology in Business Systems

2023 – 2025

- First class pass(80%)
- Golden Key International Honour Society member, top 15% recognition

Basa Freedom High School

Johannesburg, South Africa

National Senior Certificate, Bachelor's Pass

2018 – 2022

EXPERIENCE

Web Developer

Jun. 2025 – Nov. 2025

Never Not Eating Good (NNEG), WIL

Johannesburg, South Africa

- Sole developer for a client-facing food ordering platform, gathering requirements directly from the client, scoping the solution, and delivering a live mobile-responsive product
- Led a 3-person team by assigning tasks, managing timelines, and maintaining delivery quality from initial brief to launch
- Managed stakeholder communication throughout the project lifecycle, translating business requirements into technical decisions
- Achieved a 94% final WIL assessment score for the project delivery

Internal IT & Process Auditor

Oct. 2024 – Mar. 2025

Nduma Inc, Internship

Johannesburg, South Africa

- Audited internal data and workflow systems, identifying process inefficiencies and opportunities for improvement
- Built automated reporting templates that reduced manual reporting effort across departments
- Implemented documentation standards to improve data accuracy and cross-team consistency
- Produced structured audit findings and presented recommendations to management

Database Management Assistant

Nov. 2022 – Mar. 2023

Basa Tutorial School

Johannesburg, South Africa

- Designed and maintained an internal records database, consolidating previously inconsistent and siloed information
- Built Excel and Power BI dashboards to support evidence-based operational decisions
- Supported staff adoption of improved data processes through documentation and hands-on training

PROJECTS

NNEG Food Ordering Platform | *React, JavaScript, HTML/CSS*

2025

- Developed a full-stack, client-facing food ordering platform for a real business, from requirements gathering through deployment
- Delivered a responsive web experience while managing stakeholder requirements and project delivery
- [Live Project](#)

Café Noir Mobile Ordering Experience | *Figma, UX/UI Design*

2024

- Designed a complete mobile café ordering experience including branding, user flows, interface design, and an interactive prototype
- [View Project](#)
